KIST OpenRooms FF V1.0
Request for Dataset

1. This dataset is MIT License compliant.

2. This dataset is built on OpenRooms dataset and it also requires the following datasets in addition:
   - ScanNet
   - Scan2cad
   - Laval outdoor lighting
   - HDRI Haven lighting
   - PartNet
   - Adobe Stock

3. When the requestor finds this dataset useful in his or her research, please consider citing:
   MAIR: Multi-view Attention Inverse Rendering with 3D Spatially-Varying Lighting Estimation

4. If the dataset has been modified or improved, the requestor must inform the provider (jhcho@kist.re.kr) of the details before it is released to the public.

The provider:
   Center for Artificial Intelligence,
   Artificial Intelligence and Robotics Institute,
   Korea Institute of Science and Technology.

The requestor:

   First Name : _____   Last Name : _____

   Email : _____   Organization : _____
